

EMS Moulage Make-up Kit

Our EMS Moulage Make-up Kit comes complete with all of the make-up you need to perform a serious mass casualty injury simulation. The make-up products in this kit are made of the finest cosmetic grade ingredients and are formulated for coverage, convenience, comfort, ease of use and ease of removal.

Our EMS Moulage Make-up Kit is not padded with a variety of items easily found at your local drug store. We have included only the make-up essentials and additional hard to locate supplies that will make your mass casualty injury simulation go more smoothly.

Finally, a professional, sturdy aluminum make-up case is provided to hold your Moulage make-up. This case also features a handy set of rollers and a pull out handle just like other good quality luggage cases.

EMS Moulage Kit

When purchasing the EMS Moulage Make-up Kit, you earn a substantial 20% discount off the regular retail price of the kit's components. Further discounts are available for larger quantities.

The contents of the EMS Moulage Make-up Kit are listed below. Of course, all of these items are also available individually and several of them are offered in other sizes as well. We reserve the right to make substitutions of equal or greater value.
